Respondent (4552917)	You are asking me to rate something we haven't done yet. I think we have planned a project we can fulfil successfully; however, we are aware of possible future inconveniences we haven't predicted and we hope to be able to share them and get to a solution.
Respondent (4492819)	More direct communication with the general coordinator. More detail instructions to all teachers. All teachers should be at the mailing list, so the sense of belonging and commitment to the project grows higher.
Respondent (4491192)	I miss a better communication among the teachers involved in the project. I suggest to create a whatsapp group where the whole group can be in contact. Communication would be faster
Respondent (4486694)	No problem so far
